**LOS ANGELES (April 2, 2019)** – Today **The Original MISFITS** announced a very special 2019 U.S. date that will take place Saturday, June 29<sup>th</sup> at the Banc of California Stadium in Los Angeles, CA. The Original Misfits features original singer/songwriter Glenn Danzig and original bassist Jerry Only. Rise Against, The Distillers, Anti-Nowhere League and Cro-Mags will join the epic event as special guests.

Tickets go on sale to the general public beginning Friday, April 5<sup>th</sup> at 10am local time at [LiveNation.com](http://LiveNation.com).

From the time of their first gig in 1977, the MISFITS and their iconic imagery went on to become one of the most crucially influential, genre-defying bands to ever emerge from North America. The MISFITS significance extends well beyond the narrowed path of punk rock, metal & hardcore. Although not cognizant of how significant they would become, what the Original MISFITS achieved in their initial seven-year window deconstructed and redefined rock music.

The MISFITS with Danzig's anthemic songs and unmistakable voice, Only's ferocious bass sound, and the Original MISFITS melody-induced choruses and authentically bruising musicianship, cemented their importance with all ensuing generations. And now legions of diehard fans from around the world will have the opportunity to hear the Original Band that forges a level of intensity unprecedented in the new millennium. Don't miss this important chapter in the legendary band's legacy of brutality.
